#### DON'T LIKE **STRIKE ORDER**

ENGINEERS AND PUMPRUNNERS WANT IT WITHDRAWN.

At a Big Meeting Held in St. David's Hall Yesterday a Resolution Was Passed Requesting the Board Which Issued the Order to Rescind It-Strong Possibility That It Will Not Be Generally Obeyed Hereabouts-Nicholls Is Non-communicative.

There are very strong surface indiations that the majority of the engineers, pumprunners, firemen and drill panies hereabouts will refuse to obey the order issued by President Mitchell, calling them out next Monday, if they ire not granted an eight-hour day in the meantime.

At a meeting of some 300 of these company employes, held yesterday morning in St. David's hall. West Scranton, a resolution was passed calling upon the board, which issued the order calling out the men, to reseind it. and implying that the men will refuse to obey the order if it is allowed to stand.

The meeting was attended by engineers, pumprunners and firemen employed by the Delaware, Lackawanna and Western, Ontario and Western, People's Coal, Scranton Coal, Eric Rall- management on the part of several of road, Delaware and Hudson and other coal companies. Select Councilman John J. McAndrew, hoisting engineer at the Diamond colliery, presided at the meet-

The question was widely discussed, and a decided sentiment against a strike manifested itself. No direct vote elther for or against a strike was taken, however, those present contenting themselves with the passage of the resolution above referred to. A committee was appointed to wait on President T. D. Nicholls, of this district, and present this resolution to him. The committee waited on him at headquarters and presented the resolution

ANOTHER MEETING SATURDAY. Another meeting will be held on Saturday morning, when the committee will make its report. Just what transpired at the conference with President Nicholls could not be learned. The latter refused point-blank to answer any questions dealing with the matter. The engineers, particularly, seem to be bitterly opposed to going out on

strike. A very large percentage of them are old men, who have grown gray in the service of the several companies and who have no desire to go out on strike at this critical moment, realizing as they do that they might experience some difficulty in regaining their former positions. The engineers, firemen and pumprun-

ters at the Glenwood and Eric collieries at Jermyn and Mayfield have had a meeting and decided not to quit work. President Nicholls was very non-communicative yesterday when asked regarding his trip to Harrisburg and his onference with Governor Stone.

"The governor simply desired to be nformed as to the exact situation," said he, "and so he called upon Presidents Duffy and Fahy and myself. It is not surprising that he should take Livery, Boarding, Heavy Teaming an interest in this great industrial struggle which is convulsing the whole

The Tribune man suggested that the governor must have had some other purpose than the acquiring of informaion in mind when he called the district presidents together, but President Nicolls declined to discuss this phase of the question. Neither would be deny or affirm that the conference had ough to do with proposed legal proceedings against the alleged combination of coal interests.

ABOUT THE ROCKMEN. Asked whether the executive board

nad any assurance that the rockmen, who have a separate union of their own, would refuse to take the places of union men if called upon. President Nichols said:

"We require no such assurance. We know that the rockmen will stand by as. Their action in quitting work at Olyphant because they had received hints that they would be called upon to take mine workers' places is indica-

Games will be played on Wednesday and Saturday and the other dates will be booked away from home. These games, it is expected, will be much better than the article of ball put up by ome of the State league teams.

A series of seven games has been arranged with the Lancaster club for the championship of the defunct league. Two of the games will be played in this city tomorrow morning and afternoon. and the third on Saturday afternoon. The remaining three games will be played in Lancaster next week, and if a seventh game is necessary the place to play it will be decided by the toss of

All of the players have signified their intention of remaining with Manager Lawson, but several clubs are after some of the men. "Tommy" Gilleran, of this city, has been signed, and it is Lawson's intention of giving Frantz, of South Scranton, an opportunity to play with the team. The team will practice this afternoon

and be in shape for tomorrow's games. Lawson has wagered a large amount of money on the outcome of the series.
